Hello, _____!

the Road to China

This month, I had the opportunity to help plan and run an event called Vision Impact Weekend where we invited dozens of young people who are interested in missions, to spend a weekend around different missionaries and other young people already training to be missionaries. All were blessed and encouraged by the teaching and time spent with each other. A few of the attendees will now be training for missions through the Our Generation Training Center, where I too trained for missions and have been in SC, NC, AZ, CA, UT, and NV! • Pray for two young men named Michael and Patrick who have both agreed to study the Bible together with me. Pray for these opportunities and for their salvation. • Pray for the salvation of a young man named John who I was able to meet up with and begin sharing the gospel with.

Harbin, CHINA: 10,000,000 people

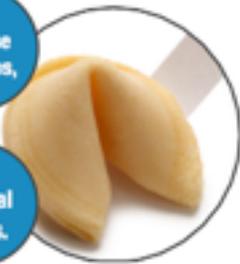

the Work in China

Ever heard of Harbin, China? Most people haven't. So, must be a small village in China, right? Wrong. Harbin, China is home to about 10 million Chinese people! Harbin is China's 7th most populated city and is still larger than America's largest, New York, New York. In fact, Harbin, the city itself, has more people than 27 of Africa's 55 countries, 30 of Europe's 50, 5 of South America's 13, and 17 of North America's 23 countries. Harbin, China is where I had the opportunity to spend a total of 8 months working with and learning from church planting missionaries. Harbin is home to millions of people who will die and go to hell if they do not call on Jesus to save them. But how will they call on whom they have not believed, how can they believe on whom they have not heard, and how will they hear without a preacher?

the Cookie Quote

Chinese Proverb: "A book tightly shut is but a block of paper."

Biblical Truth: "The Bible is a book that, unless someone goes to open and explain it, to them, it would be but a block of paper. But if opened, it is power and life."
