Hello, *fellow laborers in the Truth!*
the Road to China

This month started off with a student led service at our home church. The high school students led the church service and did a great job (or so we hear)! We were unable to attend the service because we were traveling on deputation, but it made us so proud to see some of the teens we had spent time teaching now leading the music, singing the specials, and even preaching! I am reminded of the times, as a teenager, that I was first given the music at my church, sing Bible! Bethlehem remembers a woman in the church took God's Word! The Bible follow the Word of God. Both to be missionaries when we training and we hope to still America and in China!

the Work in China

"I have been in the church for almost ten year. That is a very important period of time for my life. [The Project China missionary], he gives me very important information from the Bible when we have the sermon. In China, people have some wrong ideas about Bible, even for some Christians. He always preach from the verses. So, my knowledge about Jesus is very solid based on Bible. Also, I never see anyone who love people as much as [the Project China missionary]. She cares every single young lady in the church. She always gives good suggestion based on the Bible. And she is always there when someone is in need. You never feel unhappy when you see her. Her heart to serve people and serve the church really motivated the ladies in church to follow her. One more, she loves life and has passion to make life full of joy and peace even when she had health problems. In short, [the Project China missionaries] live a life with His glory and joy, which drives people to Lord." I had the opportunity to meet Tong Yang during my time in China. She was always a blessing to be around. She is now engaged to Tian Yi who was my roommate while I was in China and who is now the pastor of Omega Baptist Church in Harbin, China. Please pray for their future marriage!
