Many people from the connected with people from the connections turn into opportunities the gospel with the people they are continuing to disciple a couple whenever we have the chance to teach through foundational truths of God is then goes into Biblical salvation, etc. It is so exciting to see others grow in their knowledge and love of God as we have a chance to use the Word to teach as we have been taught. • This month we also found out that Beth has what is known as a chorioangioma. This is a rare growth in the placenta that hinders the baby's growth and could cause other more serious complications. There is a great chance that they doctors will schedule a premature birth. the Work in China

Part1: In 1949 the new China was established. China went into very deep tragedy. The spiritual warfare increased. Ephesians 6:12 says, "For we wrestle not against flesh and blood, but against principalities, against powers, against the rulers of the darkness of this world, against spiritual wickedness in high places." From 1952 to 1954 the Three Self Patriotic Movement was established in China. In 1958 most all the churches in China were closed. In 1966 it was the beginning of the Cultural Revolution. One of the Gang of Four, Chiang Ching, the wife of Communist Party founder Mao Zedong, closed the foreigners church in Shanghai. She proclaimed, "Let God go home! Christianity in China is going to the history museum." • The government chased out all the foreign missionaries. Communism closed the door and they attacked the men and women of God in China. The life of the church in China was in a desperate situation, and many people were martyred for Christ. Many went to jail. Many were criticized and were scolded. Some people were scared and they denied Jesus. Some escaped overseas. Some people betrayed their friends and brothers and sisters. • Just like Satan comes and wants to destroy, the church of China outwardly was totally destroyed. But at the same time, the Holy Spirit filled the church of China with faith, like a filling slowly from the bottom to the top. ...to be continued...
