

## Dear fellow laborers in the Truth the Road to China

This month we found out that **we're having a girl!** How exciting to see her grow and be able to feel her moving around! Please continue to pray for our baby girl and for us, that we would be parents that will have the opportunity to be part board known as the One Day churches send groups to be opportunity to both sing and had several teenagers that months ago that came to this named Isaac who I got to meet asked me many questions about his salvation testimony and some wrong things he was doing in his life. He questioned whether or not God still loved Him. At the One Day Summit, he told me about how he switched schools to get away from wrong influences and pulled out the verses about God's love I had written down for him at camp. He keeps them in his wallet as a reminder of the truth of our God.

**the Work in China**

"As for me, Jesus comes to my life and the Bible tell me what life should be, let me know why I always chase things that can't satisfy me. That was a really big problem for me. Before that, there is a big empty in my heart. I can't make full use of relationship or money or pride, that stage is only for God. The Taubes (missionaries) introduced Jesus who should be put in that place. I accept Him to be the only Savior, even though I still sin and let Him down. But what they done for China churches impact me a lot. At first I just heard from Xu Ning and Cong Wei (Chinese pastors) there is a preacher from USA who is the biggest preacher and can't understand why they do this from far away because there is no any "interest" for them until I met them in person. They let me know Jesus not just only a very good man in history, but a Savior, the only Savior for the whole world. Finally I found what I need desperately. I needed to be forgiven!! I really needed! But no any other person can do that for me. They let me know Jesus is the real God and He can forgive my sin. Till now, after Jake preached, I have the faith that God loves me always, my faith cannot be shaken. I am really fixed on the Rock. Especially after atheists ask some tough questions to choke me up, at that time, I know I don't express clearly, but I just have that faith: I am not wrong, Jesus is right. I am thankful they let me know about that Rock's existence and take me there. I am thankful for what they have done to China."

### the Cookie Quote

Chinese Proverb: "The one who makes trouble can resolve the trouble."

Biblical Truth: As sinners, we have brought trouble upon ourselves. This trouble, none can resolve by themselves. All need the sacrifice of Jesus to resolve our trouble!
