

# TO CHINA WITH TRUTH

the de los Reyes family  
7:20

• This month, the family in our Bible study was preparing to move to Beijing in August. They have had plans to move to Beijing and we have been dreading that day, but it's more a reality now than ever. The husband, Yi Jūn began to tell us of a blessing that God did for them while they were preparing things in Beijing. They had just bought some items for their new home and were waiting for the bus to take the things back to their apartment. While waiting, they began to browse the surrounding area. One of the things they had been worried about was finding a Kindergarten for their son. The way Chinese public schools work is that you can only attend a school in the district you were born in, and they are not from Beijing. While waiting for the bus, they decided to stroll around. In doing so, they stumbled upon a kindergarten and decided to walk in. They explained their situation and the kindergarten decided to **[allow them to enroll]** their son!

• This month, I had the opportunity to preach at one of our supporting churches! I am thankful for the opportunity to be able to spend time with one of the many churches that have loved, supported, and **[prayed for us]**! • This month, the lady in our Bible study, Xiǎo Lín, began to share this gospel with some of her friends! The first one was a coworker. The coworker told her that she **[doesn't like Christians]** and that her mom is one. Xiǎo Lín told her that she had recently become a Christian. The coworker mentioned that

## SHE DOESN'T LIKE CHRISTIANS

she heard something about the Holy Spirit having to work in your heart before you can become a Christian. Xiǎo Lín told her to pray that God would do this so that she could get saved. • The second friend was another coworker who was having an eye problem. Xiǎo Lín, herself, had an eye problem a while ago. The doctor had told her that she had to get surgery but it was risky and she may lose sight in that eye. She was afraid of getting that surgery so she began to pray for God to **[heal her eye]**. After that, her problem resolved on its own and the doctors were shocked that her eye got better. So, when her coworker

started having a similar eye problem, she asked Xiǎo Lín how her eye got better. She said that all she did was pray. She shared that the doctors didn't really know what else to do other than a surgery so she just prayed. She encouraged her coworker to do the same. However, Xiǎo Lín thinks that her coworker doesn't really believe her. • The third friend is her best friend. After Xiǎo Lín shared the gospel with her, her friend said, "Let's not talk about this anymore. Let's talk about something else." Xiǎo Lín said that if we were back in China already, she would definitely **[join our Bible study]**, too. Please pray for the salvation of all of these individuals as well as us being able to return to China soon! • This month we also switched our stateside representation from being sent out of the mission board, Vision Baptist Missions, to being solely sent out of our home church, Hampshire View Baptist Church!
